Petition Under 37 C.F.R. 1.137

MPEP 711.03(c)

Sir:

This is in response to the Notification of Abandonment mailed September 2, 2008 in regard to the above-identified patent application. Applicant's attorneys hereby petition under 37 C.F.R. 1.137 for revival of the abandoned application (MPEP 711.03(c)(I)(A)). The USPTO is authorized to charge Deposit Account No. 50-1924 in the amount of \$540.00 for the petition fee under 37 C.F.R. 1.17(l). Please charge deposit account 50-1924 for any fee deficiency. Also enclosed is a reply to the outstanding non-final first Office Action.

Facts

1. The above-identified patent application was filed with the USPTO as a national stage application of PCT/IB2004/051579.
2. On August 28, 2008, one of Applicant's attorneys, Harry Smith, received a telephone call from the Examiner inquiring whether a response was filed to a first non-final Office Action dated February 4, 2008. On August 28, 2008, Applicant's attorneys obtained a copy of the alleged first Office Action from the USPTO's public PAIR

website. However, prior to that date of August 28, 2008, Applicant's attorneys had not received a mailed copy from the USPTO and thus were unaware that a first Office Action had issued.

3. On September 4, 2008, Applicant's attorneys received the Notification of Abandonment mailed September 2, 2008. The Notification indicated that Applicant failed to respond to the non-final Office Action mailed February 4, 2008 within the time period set therein. In particular, a response to the Action was initially required by the three month date of May 4, 2008, and the final due date for reply was August 4, 2008.
4. Applicant's attorneys never received a mailed copy of the afore-referenced Office Action from the USPTO before the receipt of the Notification of Abandonment and thus no due date for responding to this Action was docketed. In accordance with MPEP 711.03(c)(I)(A) Applicant's attorneys state that a search of the file and application contents indicates that the afore-referenced Action was not received at Applicant's attorneys' correspondence address (Customer No.: 29683, Harrington & Smith, PC, 4 Research Drive, Shelton, CT 06484).
5. Applicant's attorneys further note that it is the normal course of business at Applicant's attorneys' firm to have response due dates docketed upon receipt of a mailed Office Action from the USPTO and thus the first Office Action dated February 4, 2008 would have been docketed and timely responded to in the normal course of business if it was received from the USPTO. As evidence of this, attached are copies of six other Office Actions received from the USPTO via mail by Applicant's attorneys during approximately the same time frame as issuance of the afore-referenced February 4, 2008, and for the same assignee. As can be seen from the first page of each Action, the responsive due dates are stamped on each Action by Applicant's attorneys' firm. The due dates also are docketed in Applicant's attorneys' docketing system. Also attached are the first and last pages of a response timely filed for each of these Actions. Thus, Applicant's attorneys further state that

had a first Office Action for the subject application been received by Applicant's attorneys, it would have been similarly docketed and timely responded to in the normal course of business. As further evidence of this, attached is a printout of all action items due on Sunday, May 4, 2008 and Monday, May 5, 2008 ("due date") and corresponding date the action was timely completed (or "taken"). Thus, if the Office Action dated February 4, 2008 was received at Applicant's attorneys' correspondence address noted above, it would have been similarly docketed.

6. Applicant's attorneys have never received a mailed copy of the first Office Action dated February 4, 2008. After the afore-referenced telephone call from the Examiner on August 28, 2008, Applicant's attorneys obtained a printout of the Action from the USPTO's PAIR website. This Action has thereafter been studied and a response is attached to this petition.
7. In view of the foregoing, it is respectfully asserted that Applicant provides the necessary showing pursuant to 37 CFR 1.137(a)(3) that the entire delay in filing the required reply to the first Office Action from the due date for reply until the filing of this grantable petition was unavoidable.

Relief Requested

In accordance with 37 C.F.R. 1.137(a) and MPEP 711.03(c)(I)(A), the Commissioner is requested to revive the abandoned application for unavoidable abandonment. This petition includes the following:

- Reply required to the outstanding first Office Action dated February 4, 2008;
- Petition fee under 37 CFR 1.17(l); and
- Showing that the delay was unavoidable.

- In accordance with 37 C.F.R. §1.137(d) and MPEP 711.03(II)(G) it is understood that a terminal disclaimer is not required.

Favorable consideration and allowance is respectfully requested. Should any unresolved issue remain, the Examiner is invited to call the undersigned at the telephone number indicated below.

Respectfully submitted,

Christine Wilkes Beninati
